VOLMAKSAN CE SPARE PARTS PRODUCER&SUPPLIER

Our activity in the field of construction equipment spare parts has been flourishing since 1983, and our company Volmaksan, which we started by trading for Volvo construction equipment spare parts, has been in the construction equipment sector since 2007, has adopted customer satisfaction and retention as a principle, and is a constantly growing and developing company in line with this vision.

Our company, which provides professional and high quality sales & service, continues to work to meet all kinds of needs of our valued customers. Our company has adopted the principle of creating successful team that can achieve high- performance teams and collectively, and effectively.

Our aim is to provide customized the solutions that are created with experince and intelligence to ensure that your business realised all targets results KPIs.

As Volmaksan Construction Equipment, we work very hard to achieve our goals. Since we have expertise and comprehensive knowledge of this sector and the industry's best practises. We hope you will trust us to carry on our business.

Dear customers, we hope to foster positive and longterm relationship with you among all our stakeholders.

Sincelery,

Volvo Articulated Haulers

PUMP UNITS

Oil Drain Pump

Fuel pumps and oil pumps for art. haulers. It has become ready for use with the combination of OEM pump elements and pump body and materials produced by our company.

*This is a sample product for reference only.
You can get information about other circulation groups.

Volvo Articulated Haulers

WATER PUMPS

Water circulation pumps for art.haulers. It has became ready for use with the combination of OEM pump parts and pump body and materials produced by our company.

*This is a sample product for reference only.
You can get information about other circulation groups.

- **HYDRAULIC VALVES**
- **VALVE BLOCKS**
- **RELIEF VALVES**

Valve groups that provide high pressure passage of VOLVO construction equipment hydraulic groups.
Valves and repair kit groups of lowering and lifting arms of VOLVO construction equipment hydraulic groups.

*This is a sample product for reference only.
You can get information about other valves groups.

- **Valves**
- **Pressure Plates**
- **Levers**

Valves and repair kit groups of lowering and lifting arms of VOLVO construction equipment hydraulic groups.

*This is a sample product for reference only.
You can get information about other groups.

Volvo Articulated Haulers

WATER PUMPS

Water circulation pumps for art.haulers.
It has became ready for use with the combination of OEM pump parts and pump body and materials produced by our company.

*This is a sample product for reference only.
You can get information about other circulation groups.

Volvo Articulated Haulers

DAMPING CYLINDERS

Steering

Steering damper cylinders of Art. Haulers.

Ref no: 11119171

- **Wheel Loaders**
- **Articulated Haulers**

Axle Suspension connection

All connection cylindrical bolts(pin), pins and pin groups of Volvo construction equipment are produced in our factory by high quality raw materials.

*This is a sample product for reference only.
You can get information about other circulation groups.

Volvo Articulated Haulers

AXLE SPINDLES

Volvo Art.Haulers differential axle shafts and coupling equipment.

*This is a sample product for reference only.
You can get information about other axle spindle groups.

Volvo Wheel Loader

HYDRAULIC CLUTCHES

Power Transmission

Parts of Volvo loaders CE, transmission hydraulic clutches and clutch shafts.

*This is a sample product for reference only.
You can get information about other hydraulic clutch groups.

Volvo Articulated Haulers

Power Transmissions

- Piston

Transfer Gear Box

- Sleeves
- Cylinders
- Pistons

*This is a sample product for reference only.
You can get information about other groups.

- **Wheel Loaders**
- **Articulated Haulers**

Companion Flange

Shaft connection flanges of Volvo haulers and loaders CE.

*This is a sample product for reference only. You can get information about other companion flange groups.

Volvo Articulated Haulers

- **ENGAGING SLEEVES**
- **DOG CLUTCHES**
- **COMPANION FLANGES**

Volvo construction equipment differential mud reinforcement gears.

*This is a sample product for reference only. You can get information about other circulation groups.

- **Wheel Loaders**
- **Motor Graders**

PARKING BRAKES
Brake Calipers

Volvo, various loader and greader construction equipment parking brake calipers and parking brake pads.

*This is a sample product for reference only.
You can get information about other brake groups.

Volvo Articulated Haulers

Anchorages

Volvo Art.haulers, drop box connections and caps.

*This is a sample product for reference only.
You can get information about other groups.

HOSES

Radiator hose, exhaust hose, charge air hose.

Volvo construction equipments, high pressure resistant air, hydraulics, fuel, water hoses.

*This is a sample product for reference only. You can get information about other hose groups.

Sensors
Batteries
Alternators
Starter Motors
Lightings
Other Electrical Equipments
Cable, Wiring, Fuses & Relay
Instruments, Contacts & Sensors

*This is a sample product for reference only. You can get information about other groups.

Volvo Wheel Loader

Planetary Axle Gears

Power Transmissions

Volvo loader differential gear sets and complementary products.

*This is a sample product for reference only.
You can get information about other gear groups.

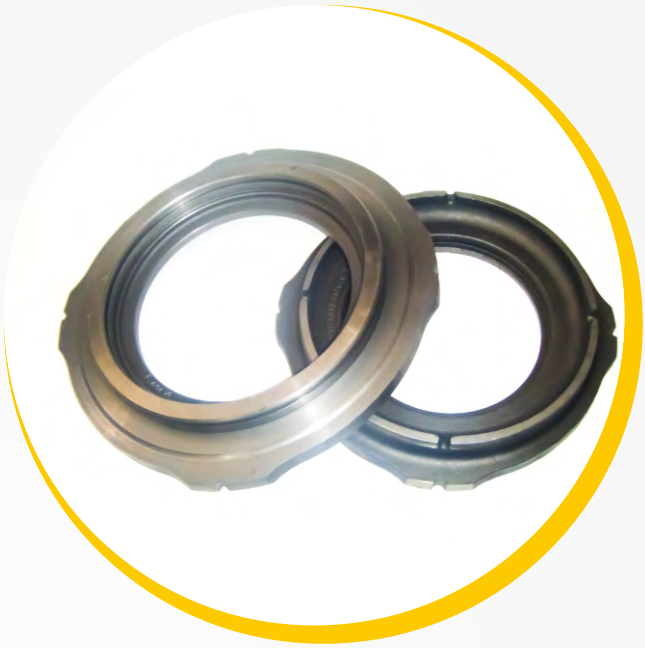

Idler Pulleys

Engine belt tensioner, pulleys

Volvo construction equipment engine belt tensioners and pulleys

*This is a sample product for reference only.
You can get information about other pulleys groups.

Volvo Wheel Loaders

Wheel Brakes

Volvo loader brake pistons, brake plates, brake springs, brake (metal) o-rings, brake pads.

*This is a sample product for reference only.
You can get information about other brake groups.

Volvo Wheel Loader

Differential Housings

Power Transmissions

Differential boxes, differential gear groups and complementary products for loaders and art.haulers.

*This is a sample product for reference only.
You can get information for other differantial Housing types.

Rubbers

- **Motors**
- **Transmissions**
- **Dampers**
- **Cab Suspensions**
- **Steering Dampers**
- **Rubber Springs**

*This is a sample product for reference only.
You can get information for other wedge groups.

Volvo Articulated Haulers

BACK UP RINGS

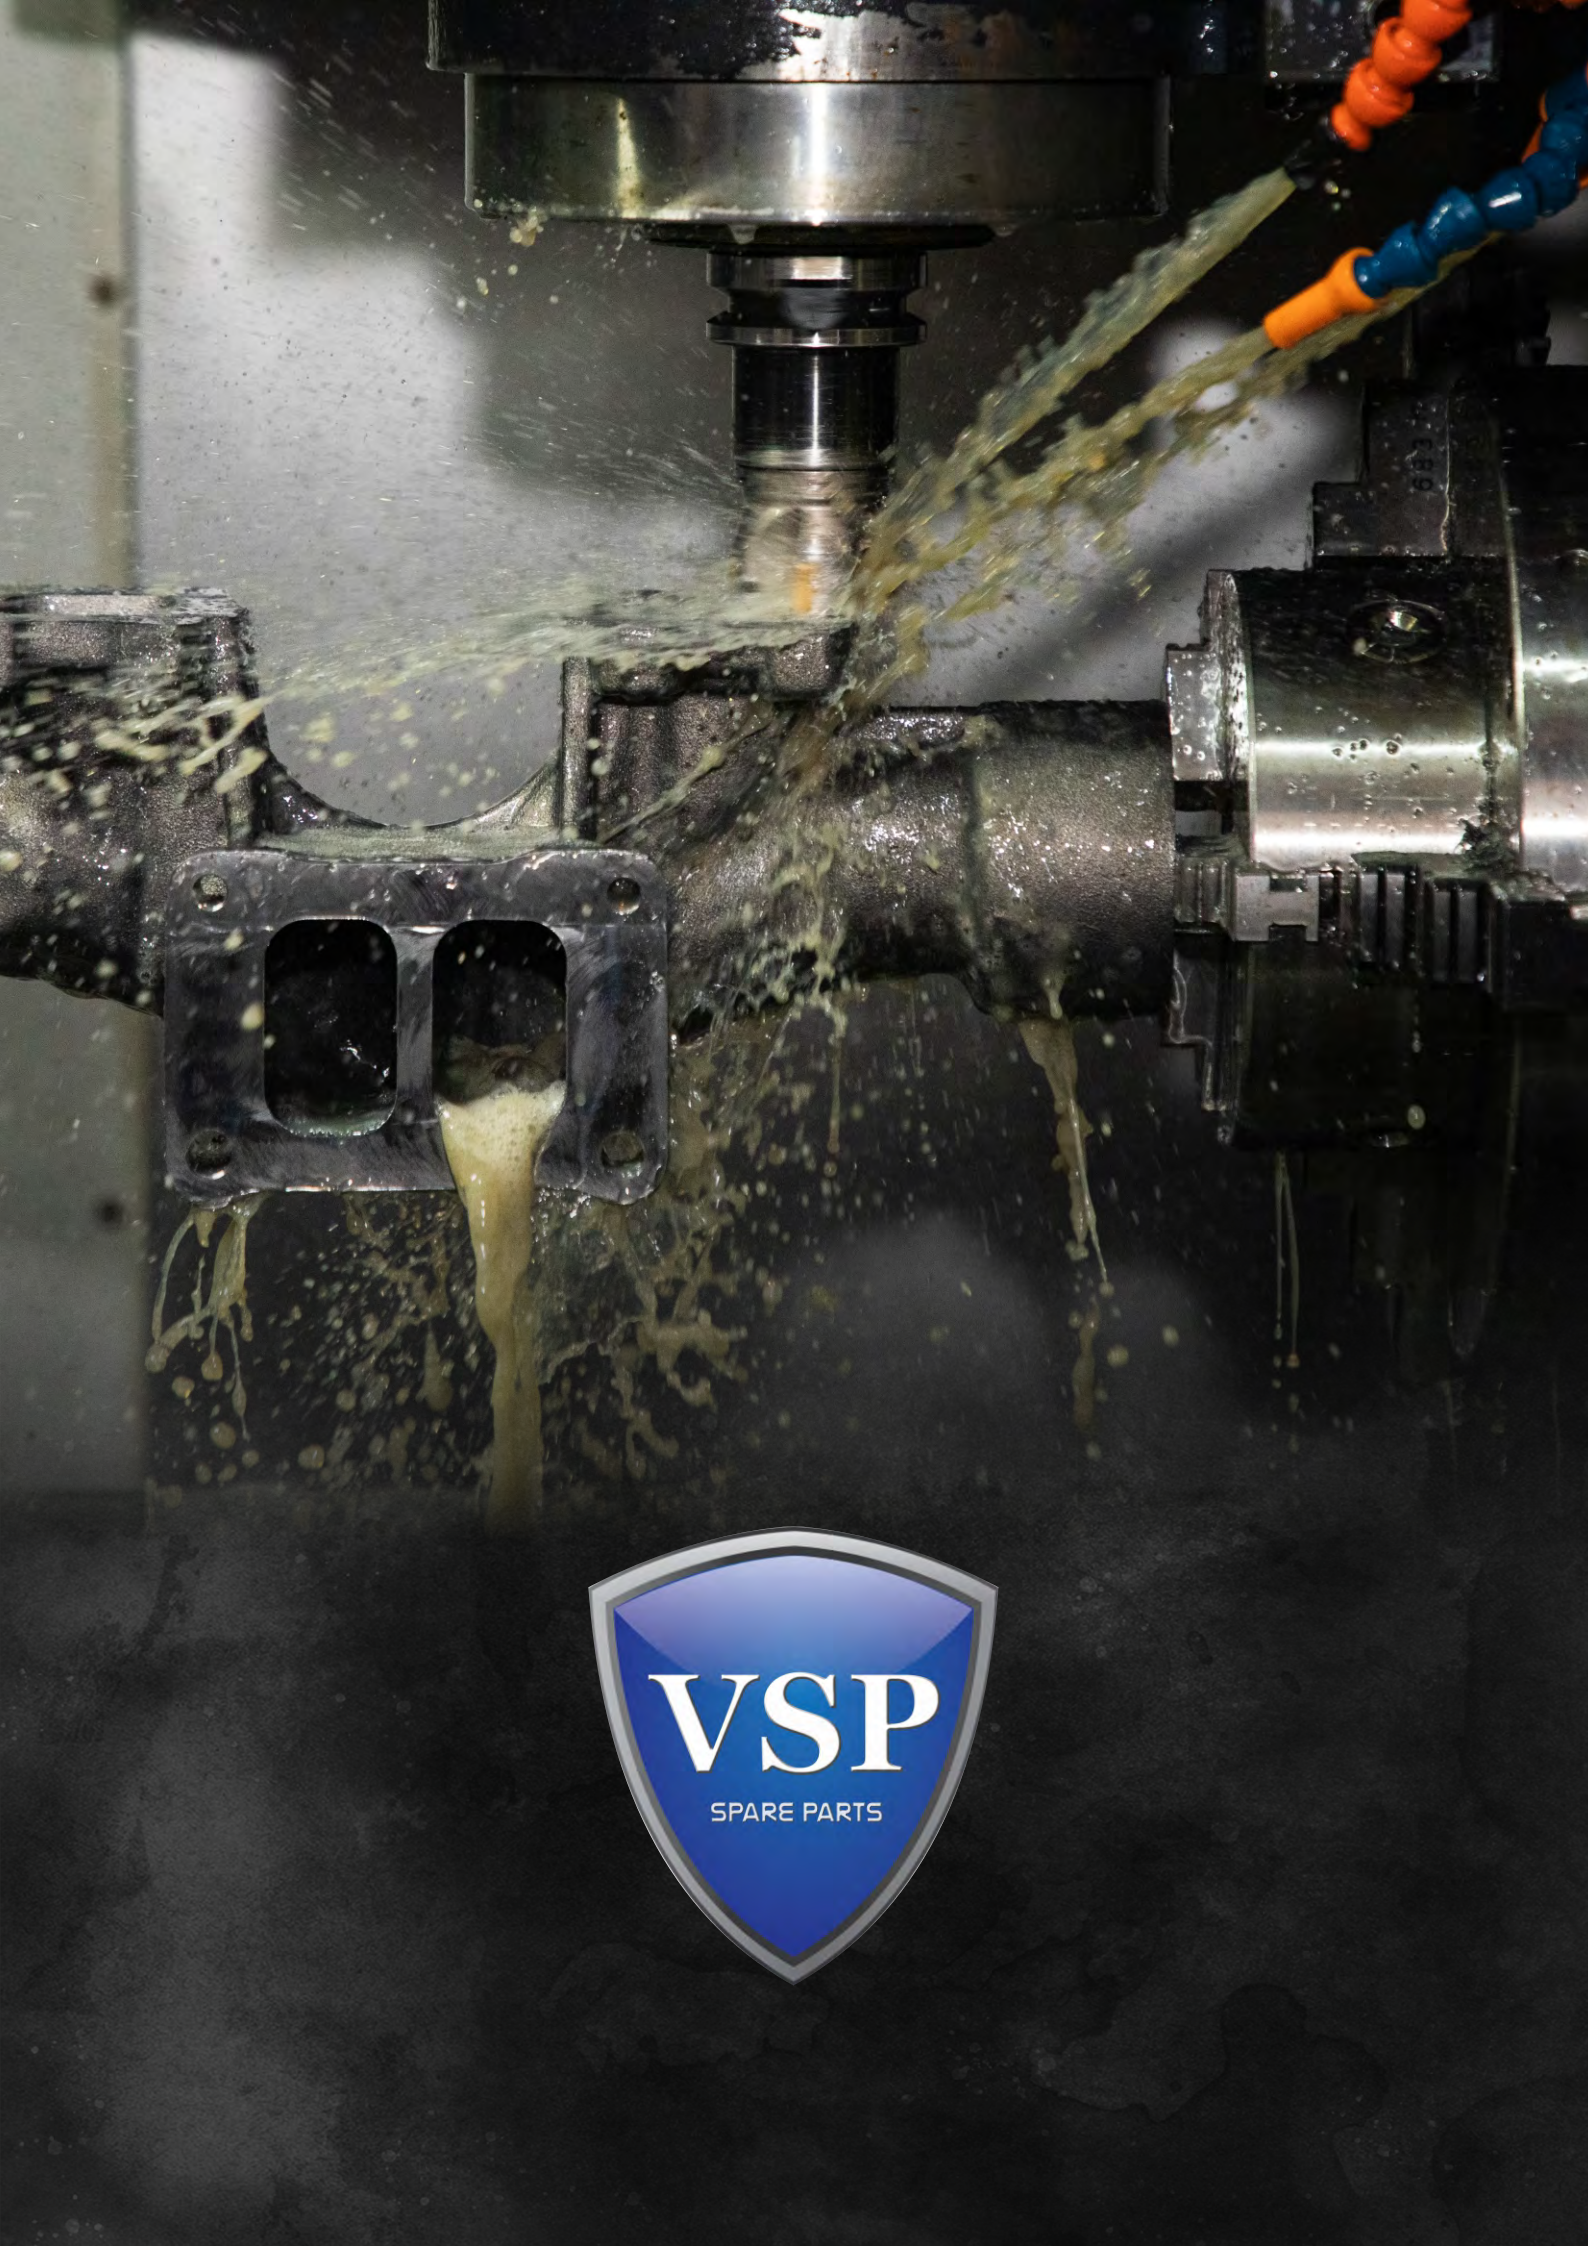

A30F Volvo, A25F Volvo

Trucks chassis link groups and chassis link equipments

Ref no: 16813701

295kgs This product is produced in our factory.

*This is a sample product for reference only.
You can get information about other circulation groups.
